9TH AFRICAN RIFT GEOTHERMAL CONFERENCE (ARGeo - C9)

Seizing the Moment: Investing in Geothermal for Sustainable Development

1. ARGeo - C9

The Government of the Republic of Djibouti, through ODDEG will be hosting the Ninth African Rift Geothermal Conference (ARGeo-C9) in partnership with UNEP, AUC, AGA, AWAG, ARGeo member countries and other international partners involved in geothermal sector including MFA-Iceland, GRÓ GTP and IGA. The conference will be held at Djibouti Palace Kempinski Hotel in Djibouti from 1 – 7 November 2022. The Conference consists of:

- 1 - 2 November 2022: Four Parallel Short Courses.
- 3 - 5 November 2022: The Main Conference
- 6 - 7 November 2022: The Field Trip.

The Conference will be organized under the auspices of the UNEP Africa Geothermal Development facility Programme (ARGeo) as one of its biennial geothermal conferences. The eight previous biennial conferences were held in Ethiopia (2006), Uganda (2008), Djibouti (2010), Kenya (2012), Tanzania (2014), Ethiopia (2016), Rwanda (2018). The eighth Conference (ARGeo-C8) was held virtually in 2020 and hosted by the Government of Kenya.

The conference will also provide opportunities for exhibitors to showcase their projects, products, equipment and services. It will also be an opportune time for business networking with lead personalities and institutions in the geothermal sector from Africa and elsewhere in the world.

In order to expedite geothermal development in Africa, various innovative geothermal support programmes have been initiated in the East Africa region. The UNEP -ARGeo Programme is one of the pioneers in the region where its main objective is to catalyse investments in geothermal development in the region. This programme, through one of its project components, supports countries to host and organize the biennial regional geothermal conferences in coordination with other geothermal support programmes and partners. The aim of this biennial conference is to promote regional cooperation, create an information exchange platform on the exploration, development, investment and utilization of the geothermal resources in the region.

3. WHY ATTEND ARGeo -C9:

The focus on the Green and circular economies of the world leads the significant importance of geothermal energy as one of the alternative energies to provide a clean, renewable and reliable energy resources to achieve the sustainable development goals. Our continent is blessed abundant geothermal resources that could be used for power generation and direct use applications. It is now our duty to develop this God given resources as one of the alternative renewable energy resources and thus spur development in this region. There is no doubt that we are in a Renewable and Clean Energy including 'Geothermal Era', and we need to harness this resource now with the urgency it deserves. In this context, this conference will give the opportunity to create a platform to discuss on how to fast track the development of geothermal resource in the region both as primary energy resource and energy mix. Further the conference will create a platform to:

- Gain valuable knowledge and insight into new market developments and discover African case studies from both local and international speakers. Customize your attendance by including a pre-conference short courses and site visit into your conference package.
- Save months of due diligence by talking to hundreds of geothermal experts and solutions providers in just 3 days which saves time. Attend technical workshops and product demonstrations, discover special offers and find the products that meet your needs.
- Connect, create and expand your circle of influence and contacts through dynamic networking opportunities at various stages of the event.
- ARGeo conferences are part of our global and regional brand of African geothermal events. Benefit from our diverse portfolio of regionalized events, by becoming a strategic partner.
- Benefit from ARGeo partnerships and strategic alliances with the industry's key players we have established over the years. Meet with African utilities, government, IPPs, developers, contractors, solution providers, financiers and investors.

4. WHAT ARE THE BENEFITS FOR SPONSORSHIP/EXHIBITION:

This conference provides an opportunity to establish relationships and raise exhibitors/sponsors company profile in the region.

Taking sponsorship or an exhibition stand is the most targeted and cost effective way of reaching key industry decision makers. With an audience of government, geothermal developers, investors and energy companies, ARGeo-C9 is the ideal platform for you to meet the right people face to face and create new business relationships that are vital in consolidating your business' position in the geothermal industry.

You will:

- Connect and gain access to key decision makers
- Meet new clients and reaffirm relationships with existing ones
- Understand the needs of potential clients and tailor your services to meet them
- Establish your company's position amongst industry movers and shakers
- Benchmark your strategy with other major solution providers;
- Make the right connections to ensure the future success of your business.

Sponsors' logo will feature on the event website, brochures and marketing materials to be seen by thousands of industry professionals throughout the year and worldwide.

Take early advantage and maximize your exposure. Don't let your competitors leave you behind: Varying levels of sponsorship are available to cater for your individual needs and marketing budgets.
